

ALLIANCE INSURANCE DONATES TWO DUMPSTER TRUCKS WORTH M5 MILLION TO MASERU CITY COUNCIL

Maseru, Lesotho

On Friday, 20th June 2025, Alliance Insurance Company officially handed over two brand-new dumpster trucks to the Maseru City Council (MCC). Valued at M5,000,000.00, the donation forms part of Alliance's Plough Back Programme, an initiative dedicated to reinvesting proceeds from the popular U Mang? Funeral Policy into community development projects across all districts of Lesotho.

The handover ceremony was attended by several distinguished guests, including the Right Honourable Prime Minister of Lesotho, Mr. Samuel Ntsokoane Matekane, and the Honourable Minister of Local Government, Chieftainship, Police and Local Government, Mr. Lebona Lephema. Also present were Mr. Mohlomi Rantekoa, Chairperson of the Alliance Board, Mr. Angus Yeats, Chief Executive Officer of Alliance Group, along with senior members of the Alliance management team and staff. During his remarks, Mr. Rantekoa emphasized Alliance's enduring commitment to community upliftment, stating;

"As a company built on the trust and loyalty of Basotho, we believe it is only right to give back meaningfully. This donation represents our gratitude and our dedication to making Lesotho one of the cleanest and most livable countries in the region."

Accepting the trucks on behalf of MCC and the Ministry of Local Government, the Right Honourable Prime Minister Mr. Matekane expressed heartfelt appreciation to Alliance Insurance, noting that the donation aligns perfectly with the Government of Lesotho's vision to transform Maseru into a clean and attractive capital city. "Alliance has once again proven to be a company that cares about the people it serves. I urge Basotho to continue supporting such institutions that actively contribute to national development," said the Prime Minister.

The ceremony concluded with a symbolic launch, where the Prime Minister and the Honourable Minister of Local Government took a brief drive in the newly donated trucks through the city—officially marking the beginning of their use in maintaining a cleaner Maseru.

About Alliance Insurance Company
